This concert was arranged, until Covid interrupted, to celebrate the refurbishment of the mid-19th century church organ, largely the work of Wilkinsons of Kendal. Subject to government regulations, we have now reorganised this date. If there has to be a cancellation without much notice, you can find out via the Levens Choir Website (levenschoir.net), Facebook or northwestmorlandchurches.org.uk. We will then try again on October 24th.
